Professional Summary
Full Stack Development student with hands-on experience building web applications using **JavaScript, HTML, CSS, Python, SQL, and REST APIs**. Developed multiple projects including interactive web apps, API-based tools, and dynamic interfaces using **DOM manipulation**. Fast learner with strong problem-solving skills seeking a **Junior Web Developer position** to contribute and grow in a professional development team.

Technical Skills
JavaScript • Python • SQL • HTML5 • CSS3 • REST APIs • DOM Manipulation • PostgreSQL • Git • GitHub

Technical Projects

Weather API Application (Python)
Hackathon project that retrieves and displays real-time weather data using the **OpenWeatherMap API**.
- Built Python weather application using OpenWeatherMap API
- Implemented REST requests and JSON data parsing
- Integrated **REST API requests** to fetch real-time weather information
- Implemented **JSON data parsing** and dynamic output display
  GitHub: https://github.com/haidukm95-byte/DI170/tree/HACKATHON_1

Currency Converter Web App
Web application that converts currencies using live exchange rates.
- Built using **HTML, CSS, and JavaScript**
- Integrated external **currency exchange API**
- Implemented dynamic conversion for **170+ global currencies**
  GitHub: https://github.com/haidukm95-byte/DI170/tree/Week_12_currency_converter

RoboFriends Search Application
Interactive web interface that dynamically filters character cards during user input.
- Developed with **JavaScript, HTML, and CSS**
- Implemented **real-time search functionality using DOM manipulation**
- Generated dynamic robot images using **Robohash service**
  GitHub: https://github.com/haidukm95-byte/DI170/tree/Week_10_RoboFriends

To-Do List Web App
Simple task management application with dynamic interface.
- Built using **JavaScript, HTML, and CSS**
- Implemented **DOM manipulation** for task creation and completion
- Developed interactive UI allowing users to manage daily tasks
  GitHub: https://github.com/haidukm95-byte/DI170/tree/Week_8_to_do_list
